LoverBeer Selvacidula de L'Ouvrier- sour farmhouse ale matured in only oak vats Italy **12.7oz 6.2%abv \$32.86**

Citizenship & Educational Course

This program is designed to help educate your palate if you are a new craft beer drinker, give you the tools you need to become a beer scholar if you are a casual craft beer drinker, and refuel the fire of your academic pursuit if you already are a beer scholar.

We basically ask that you try, rate, and inform yourself about 100 beers on our list which is divided into three passport booklets. As you complete each page in your passport booklet your bartender/course director will provide you with a stamp for your passport. Upon finishing all three passport booklets your bartender/course director will administer a basic beer exam testing the knowledge that you have gained throughout the course. Those who pass the exam will be honored as Citizens of Redlight Redlight and receive all rights and privileges that are associated with said title.
